

Nitrile Sensitive Gloves – Violet

CE 2777

Ultra-thin nitrile gloves for extra high tactile sensitivity, without sacrificing protection or quality. Approximately 15% thinner compared to regular examination gloves. Superior elasticity and tensile strength, with excellent tear and puncture resistance. Complies with all high medical safety standards for protection against microorganisms, viruses, bacteria and various chemicals, also for cytostatics, as well as for food handling including fatty foods. Ergonomically designed for perfect fit and sensitivity, microtextured fingertips for improved wet and dry grip. Manufactured in environmentally certified production.

Specifications: AQL 1.5, Medical Grade, Food Grade, microtextured, powder free, latex free, silicone free, phthalates free
